

ILLITERACY IS LIKE LIVING IN DARKNESS

- ✘ Up to 80% of Pakistani women are illiterate
- ✘ Rural girls rarely go to school and are unable to escape a vicious cycle of poverty
- ✘ Cannot read God's word where they are marginalised for their belief

THE GIFT OF LITERACY CAN NEVER BE TAKEN AWAY

- Teaching one woman can create powerful change:
- ✔ Self-worth and respect
 - ✔ Spiritual foundation for families
 - ✔ Stronger financial future

This year help us to reach 8,000 women. As mothers teach their children we can impact over 50,000 people!

“ Now I can write my name. I am more confident in my life. Now I am stronger in my faith and empowered to be in a close relationship with God. – Iris ”

Bible Society's Beacon of Light literacy classes enable women to read the Bible for themselves.

\$41 teaches a Pakistani woman to read and opens up Scripture for her family.

\$77 provides eight literacy graduates with an Urdu New Testament each.

\$120 equips four rural classes with blackboards and stationery.
