

Satellite Masterclass

Inspiring, challenging and equipping students to think deeply about the Christian faith in today's world

Following the success of Masterclass in previous years, this year we are excited to launch Satellite Masterclass: a video-based service that enables you to **run your own Masterclass at any time** that suits your community, wherever you are in Australia.

Living out the Christian faith in today's world is not always easy for young people. In a world of selfies, identity politics and 'fake news', Bible Society's Masterclass tackles the big questions: Does the Christian faith make sense? What does the Bible have to say about issues in our world? And what does it mean to live a bold Christian life that makes a real difference?

Masterclass, run by Bible Society Australia since 2012, is a free one-day event for Christian students in years 9-12. With engaging talks and valuable Q&A, students are given the freedom to ask questions about the Christian faith.

Resources for the day

Bible Society Australia has a substantial library of videos from previous Masterclass events and MasterQs, given by engaging and talented speakers. Each 35-minute talk falls within one of our three focus areas:

Foundational teaching that builds confidence in the Bible

Missional teaching that encourages students to live out their faith

Topical teaching that explores contemporary issues from a Biblical perspective

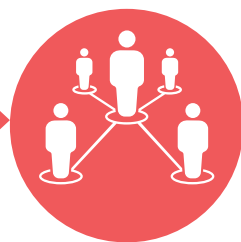

How it works

1. Visit **masterclass.org.au** to register your school or church as host and select from our **video resources**.

2. **Invite other** schools, churches and individuals to join the event. We will help with promotion.

3. **See students** taught and encouraged as they engage with our previous Masterclass talks.

4. **Connect live** with our speakers* for **real time Q&A** or connect with our **MasterQ Videos**.

* subject to speakers' availability
