WHY ARE WE RIDING?

More than half of all Pakistani women are illiterate – 80 per cent in rural areas. The gift of literacy is incredibly valuable because it provides a stronger financial and spiritual foundation for families, and can transform lives. That's why Bible Society Australia is helping illiterate women by supporting Bible-based literacy classes in rural communities. For a Christian woman, learning to read means being able to read the Bible for the very first time. Each student will receive her own copy of the New Testament in Urdu.

Will you help us turn on the light of literacy for another 8,000 women this year?
