**JOHN
DICKSON**

Increasingly, we live in a fact-free, post-truth world. We are suspicious of everything. We're left trusting very few texts, institutions, or people. Many today claim that the Bible itself is untrustworthy, full of error and agenda. They say the Bible was put together by power-hungry church officials, who made up stories in order to control us. In this short talk, John Dickson will bust some of the myths about the Bible, and show why it is true and good—why it deserves our trust.

**DAVE
JENSEN**

What if we really believed that there was only one shot at life? What if we really believed that there is one God who created all things, who wants to know and be known by you? What if we really believed that the only way to heaven was through believing in the death and resurrection of Jesus Christ? What if we really believed that rejecting Jesus meant an eternity in hell? What would our lives look like if we took seriously the claims of God?

**ERICA
HAMENCE**

We're in a culture that loves self-disclosure. We love a celebrity tell-all, we love seeing inside a youtuber's house, we love people who are unapologetically themselves... But we're also, increasingly, aware of the costs of this vulnerability. We've all seen people get cancelled online and taken down in person. It's never been more valued or more scary to be open about who you are. Is it possible to live a life free of fear and shame? In this talk, we're going to explore the Bible's answer.

WHAT IS MASTERCLASS?

Bible Society's Masterclass events are for students in school years 9-12 to explore contemporary issues from a biblical perspective. Masterclass also includes a popular Q&A session which gives students the freedom to ask our panel of speakers searching questions about the Christian faith.

Your students are frequently challenged to give a reason for the hope they have in Jesus. Masterclass helps young Christians to grow in their confidence and withstand the pressures of living in a post-Christian society.
