SALT AND LIGHT IN A POST-TRUTH WORLD

How can the 21st century Christian navigate the increasingly volatile marketplace of ideas? What does the Christian message have to offer hearts and minds in a world of such unprecedented diversity? This session will set out the beauty and fundamentals of the Gospel, by looking more closely at three foundational issues: the nature of technology, the nature of success, the nature of people.

Jordan Thyer

Senior Pastor, Providence Midland

HOW TO TALK ABOUT JESUS (WITHOUT BEING ANNOYING)

The news about Jesus coming into our world to save sinners and reconcile us to God is wonderful, life-giving news! So good that it is worth sharing with our friends and family. But it's hard to speak about Jesus when our friends just don't seem interested. This talk will help you share your faith in a way that is both faithful and fruitful.

ACHIEVEMENT ADDICTION

Is winning or coming first a big deal to you? Maybe top grades are your thing, or sporting glory, or being popular. It's easy to become obsessed with tracking and measuring our success. But the problem is that it becomes difficult to not base our identity on our accomplishments. What might life be like, and how would our sense of self-worth change, if we were no longer addicted to achievement?

What is Masterclass?

Bible Society's Masterclass events are for students in school years 9-11 to explore contemporary issues from a biblical perspective. Masterclass also includes a popular Q&A session which gives students the freedom to ask our panel of speakers searching questions

about the Christian faith. Your students are frequently challenged to give a reason for the hope they have in Jesus. Masterclass helps young Christians to grow in their confidence and withstand the pressures of living in a post-Christian society.
